Since there are eleven teams in this division, the teams in Pool A and Pool B will have three pool games each and the teams in Pool C will have two pool games each. The pool winners from Pools A, B and C will advance to the playoff round along with a Wildcard team (WC).

CRSA Tournament Rules Section 12 describes the scoring format. The average number of points will be used to determine final standings since all teams do not play the same number of games in pool play.

Rules 14-2 and 14-3 will also use averages for this division. Rule 14-2 will be the best **average** goal difference for all games with a maximum of 3 goals differential per game. Rule 14-3 will be the fewest **average** goals allowed. Rule 14-4 will not use an average and the fewest red cards will remain as the criterion.

The Wildcard team (WC) that advances to the playoff round will be the highest ranked team, based on these modified rules, that does not win a pool.

In order to give the third place team in Pool C a third guaranteed game, that team will play the highest ranked team that does not advance to the playoff round (WC1) in game 125. If the second place team in Pool C does not advance to the playoff round, that team will play the second highest ranked team that does not advance to the playoff round (WC2) in game 124. If game 124 is not necessary to give the second place team in Pool C a third game, then that game will not be played.

Since there are nine teams in this division, the teams in Pool A and Pool B will have three pool games each and the teams in Pool C will have two pool games each. The pool winners from Pools A, B and C will advance to the playoff round along with a Wildcard team (WC).

CRSA Tournament Rules Section 12 describes the scoring format. The average number of points will be used to determine final standings since all teams do not play the same number of games in pool play.

Rules 14-2 and 14-3 will also use averages for this division. Rule 14-2 will be the best **average** goal difference for all games with a maximum of 3 goals differential per game. Rule 14-3 will be the fewest **average** goals allowed. Rule 14-4 will not use an average and the fewest red cards will remain as the criterion.

The Wildcard team (WC) that advances to the playoff round will be the highest ranked team, based on these modified rules, that does not win a pool.

In order to give the third place team in Pool C a third guaranteed game, that team will play the highest ranked team that does not advance to the playoff round (WC1) in game 322. If the second place team in Pool C does not advance to the playoff round, that team will play the second highest ranked team that does not advance to the playoff round (WC2) in game 321. If game 321 is not necessary to give the second place team in Pool C a third game, then that game will not be played.

		397	20	CRSA 94/95 Premier (IA)			Lakeville United F.C U15 B (MN)

There will be no playoff games for this division. The champion will be highest ranked team and the finalist will be the second ranked team and will be based on the results of pool play.

Not every team will play every other team in the division. Therefore, the average number of points will be used to determine final standings since all teams also do not play the same number of games in pool play.

Rules 14-2 and 14-3 will also use averages for this division. Rule 14-2 will be the best **average** goal difference for all games with a maximum of 3 goals differential per game. Rule 14-3 will be the fewest **average** goals allowed. Rule 14-4 will not use an average and the fewest red cards will remain as the criterion.
